KIRAN

Annual Report
2009-10

A Ray of Hope into Lives
MESSAGES

Warm congratulations to 20 years KIRAN!

In 20 years from humble beginnings, KIRAN at the Ganges today has become a competent “Center for Education and the Rehabilitation of Children and Youngsters with different Abilities” in Madhopur near Varanasi. This is a great and extraordinary success story. Warm congratulations to you Judith Sangeeta, you with a bright vision, with a trust in God and with great vigor have launched, led and driven the work of KIRAN. Warm congratulation to the whole staff. You have with much dedication and lifeblood, made it possible for the children and young people with care, education and therapy to get to a better future in their difficult lives. Congratulations to the KIRAN Society and the Executive Committee, who have supported and taken part in the work as well as with the integration into the city Varanasi. Thank you experts and volunteers. You have brought progress with your competence, experience and enthusiasm as well as given solidarity across continents. Thanks to all donors in the country and abroad. Without their solidarity and generosity KIRAN never could have grown so. We of the KIRAN Foundation Switzerland will remain engaged and make our contribution so that KIRAN can continue and also spread out in future in conjunction with all our partners for the benefit of disabled children and young people.

Urs Keller
President
KIRAN Foundation Switzerland

Sometimes dreams become true! Your Swiss friends and Sangeeta dreamt of a Kiran more than two decades ago and we are all so happy that Kiran today is a reality. That Kiran in Uttar Pradesh can help so many children, youths and families and that our friendship grows deeper is wonderful. Let us dream further together of a worthy life for all the people with an impediment and of their full participation in the community.

Urban Zehnder
President
Kiran Friends Association Switzerland
Dear Kiran Friends,

Twenty years ago who would have believed that all we see around us, would have been possible? I have very fond memories of the day Sr. Sangeeta, who was already a friend of my wife and frequent visitor to our home, requested me to help her, to form a committee to run the project that she had begun to talk of as KIRAN!

We have traveled a long journey since that fateful day; two changes of venue, before we came to the day of the move to our own land here in KIRAN Village, as we now know it. All the time, our inner spirits growing & learning along the way, how to move forward, gaining inspiration from the children whose bright shining faces are a constant encouragement to do our utmost for them and those that are to follow them. At the same momentum we were gathering to ourselves by some strange magnet many other equally dedicated people who had learned of this noble cause and wished to be associated with it, giving of their expertise and their love for the children, determined to help us prove to society that ‘disabled’ by no means meant ‘less abled’, rather ‘differently abled’!

This combined effort of so many people, especially the present committee, past members, the many volunteers and staff members, staff who have passed on, combined with Sr. Sangeeta’s indomitable spirit & determination has brought about a sea change in society in Varanasi, and I would venture to say in U.P.

Now Kiran is known everywhere & parents who may have the misfortune to have a child born to them suffering from Cerebral Palsy or who had polio need not despair; they have no longer to hide them away from the world, a supposedly devil’s curse; instead these broken children, with their heart broken parents soon find their way to Kiran where they are welcomed with open arms!

What greater cause in life can there be than this? I have been honored to have been serving Kiran from the beginning, and will continue to do so.

Many Congratulations to everyone, the staff, the children, volunteers, my fellow committee members, The Swiss and International Kiran Family, all the children who have passed through Kiran, past & present, and last but by no means least, our much loved Sr Sangeeta!

Dr. Amod Prakash
President, KIRAN Society

Our Hearty And Special Thanks

To all our project partners and donor’s, whose support enabled us to manage our on going activities more prominently.

Thank You!
EXECUTIVE BODY COMMITTEE

Dr. Amod Prakash - President

About Us

KIRAN is a nonprofit organization working for the holistic rehabilitation of the children and youngsters with disabilities. Deeply affected by the sorrow and miserable condition of the persons with disabilities and unable to find organizations working for these people in Varanasi, “KIRAN” was founded by Visionary Sister Sangeeta, with the help of some friends and few volunteers. In 1990 KIRAN started its service from a small building in Nagwa, Varanasi.

In the able leadership of Sangeeta, KIRAN journeyed for 20 years, overcoming many hurdles and barriers to reach its present status of one of the well-recognized and acclaimed institutions of Uttar Pradesh, working for the well-being of children and youngsters with disabilities. Presently KIRAN is situated in a picturesque landscape on the bank of the river Ganges, 15 kms towards South from the Banaras Hindu University. The institution has now fully fledged rehabilitation, education and vocational department addressing rehabilitation need of persons with disabilities. Today “KIRAN” caters rehabilitation services to children and youngsters with disabilities in three major ways i.e. institutional based rehabilitation, community based rehabilitation and Outreach services with more than 110 experienced and well-trained staffs working round the clock. In IBR now there are 282 children and youngsters with disabilities who daily receive education, rehabilitation and referral services. Youngsters with disabilities receive skill development trainings in our Vocational Training department. More than 3000 children are receiving rehabilitation services through our Out Reach and CBR unit on regular basis. Recently the institution has started a Human Resource Training Centre to minimize the lack of rehabilitation professionals i.e. Special Educators, connected to the baseline of the disability field.

In the previous years the main focus area of KIRAN was Post Polio Residual Paralysis case. With the eradication of polio infection from the surrounding areas of KIRAN and no new case of polio infection, the major focus area of KIRAN is now shifted towards Cerebral Palsy. Cerebral Palsy is a very complex condition to deal with due to so many complications associated with it. Our newly built Human Resource Training Centre will train young and capable professionals to work with these children.
VISION

KIRAN’S Vision is to be a Resource Centre that empowers differently-able children and young people, in partnership with their parents, by providing quality service to them without discrimination of cast, religion or financial circumstance.

MISSION STATEMENT

KIRAN provides quality services to support differently-able children and young people in optimizing their talents and skills so that they may live dignified and satisfying adult lives.

KIRAN does this in partnership with parents and families.

KIRAN collaborates, and shares its expertise with individuals and/or organizations that have a similar Vision and Focus.

Achievements of KIRAN in 2009-10

Our Newly Introduced Departments-
The Human Resource Training Center got recognition from Rehabilitation Council of India (RCI) to run, one year diploma courses in Special Education (C.P).

The construction of Food preservation unit is complete and ready to start its activities from the coming session under Vocational unit. Our trainees will learn to make Jam, pickles and many other items, which will be kept for sale in our city shops.
Director’s Note-

sangeeta j.k., Executive Director

CELEBRATING KIRAN’S 20TH YEAR

It is with joy and deep gratitude that I look back to this “KIRAN-Adventure’s” development. That we can do our services in such a green and beautiful environment is the fruit of a steady and committed collaboration of all the children, staff, the friends and project-partners. And “development” means also “movement & change”! This change has become more visible in the past year, in the fields of rehabilitation, of education and also in vocational-training. This is so, due to the happy fact that polio has been almost eradicated through the intensive vaccination-program. For this reason — while we were more centered on polio at the beginning- our concern and care goes now more to cerebral palsy affected children, whose number is frightening high. Since in CP there is often a physical and a mental involvement, it is very difficult to offer a holistic rehabilitation and to help towards social integration.

- Less polio-children means >> less disabled children who can follow a normal syllabus in our integrated primary school.
- This again may lead >> to a bigger number of non-disabled children in our integrated primary-school
- More CP-children means >> more children who need special education in small groups or even one to one teaching
- More CP-children means >> more children who need more intensive physio- & speech-therapy
- More CP-children in the villages of our Outreach-stations means >> our monthly one-day-presence out there is not sufficient: the need of local trained personnel becomes more urgent; or the need to invite these children with parent into our residential mother-training-Ravi-Nivas

- Thinking of the CP-children who are 12 years or more >> since most of them will not be able to go for higher studies, we came to the decision to start a new unit of “Skill-Training” where food-preservation and other adapted activities will allow these mentally challenged youngsters to still keep learning and prepare themselves for life outside KIRAN
- And last but not least >> even more than with polio-children it is highly important in the case of physically- & mentally-challenged CP-children to have intensive cooperation from the side of the parents, since these children will life-long need the loving care of the family.

“Movement and change keeps a body alive and healthy”. If this is true, then we can only hope that this shift towards accepting more CP- and also HI-children will keep the KIRAN-team not only alive and healthy, but that we may grow in quality-service and loving care towards these “special children” who again and again surprise us with their courage, will-power and joy.

TO ALL THOSE FRIENDS, PROJECT-PARTNERS AND DONORS WHOSE GENEROSITY HAS MADE THIS BEAUTIFUL “ADVENTURE OF TRUST” POSSIBLE, HERE ONCE AGAIN A VERY HEARTY “THANK YOU!”
Activities at a Glance

Deprt. of Education
Integrated School Section

Under one single roof, expert staffs of this unit give education to both non-disabled & children with disabilities through various techniques. In the last academic session the unit carried out the following activities.

- Play-Way Method of teaching was introduced in the Nursery Class with 11 kids.
- Home visits by teachers & therapists for children with special needs.
- Home based program, by Spl. Education Unit to develop better link between parents, children and teachers. Children detached from KIRAN will also be benefitted by this program.
- Summer Camps-09 were organized at 2 places in the month of May. One for English Speaking for 15 days and the other for 1 week for crafts, painting & drama. KIRAN children, children from C.B.R. field and former students, participated in the program and enjoyed.

- In the month of Oct. 08 the Ram Krishna Mission team organised a program on “Health & Nutrition for Women” in KIRAN. Girls from senior secondary classes and the Vocational Training unit (Tailoring & Grihini girls) participated in the program.
- In the month of Nov. 08, children from Spl. Education Unit & Vocational Trainees (Tailoring & Grihini Girls) went for an exposure trip to Temple, Mosque, Gurudwara & Church in the city.
- Our Kids went for a picnic to Sanjay Motel, Babatpur, in the month of Dec. 08.
- In the month of Dec. 08 Kindergarten teachers went for an exposure trip to the Aryan International School, Varanasi.
- 10 children from school participated in an “adventure camp” in Darjelling for 1 week.
- Some of the students of KIRAN actively participated in the Awareness Program, organized each month, throughout the last academic year.
- Special preparatory classes were organized for our children appearing into the entrance examinations of Novodaya Vidyalaya and Central Hindu School, Varanasi, for Class IV from 10th of January onwards.
- The registration of Special Children and Trainees in the L.I.C-Niramaya Health scheme, by National Trust, is under process from the month of Feb. 10.
Vocational Training

- Exposure trip of Grihini/Tailoring girls to IP Mall [Cloth market & Film], Varanasi on 08-04-09
- Exam of all the trainees on May 09
- Completion of the order of 250 bead bracelets from MESH (Maximizing Employment to Serve the handicapped), Delhi by Art & Design Unit in July 09
- Completed the order of 1000 newspaper bags in Dec. 09
- Participation of trainees in the drama on the theme "Disability is not a curse" on the eve Disability Day Celebration, Assi Ghat held on 14-12-09
- Participation of trainees in the Sports day celebration organized at St. John School- D.I.W. on 02-01-10
- City youth meeting on the topic "HIV-AIDS awareness and its information"
- Our trainees received Tricycle and wheelchairs in a camp on 22-01-10
- Participation of trainees in the awareness program at Muradev, Kurhuan on 24-01-10
- Exposure visit of trainees to Sarnath and different nursery's of Chandpur on 10-03-10

Completion of the order of different wooden toys from MESH, Delhi, in Oct. 09.

- A trip of vocational trainees with our Social Integration Unit to Bodh Gaya, Bihar on 31-10-09
- Exposure visit of Art & Design Unit trainees to Premjyoti, Sarnath on 01-11-09
- City youth meeting held on 29-11-09 on "Evaluation &
Social Integration

- Integration of 17 students, passed out class VI from KIRAN in normal schools & in N.I.O.S. program
- Our ex-student Mr. Abhishek Kumar got admission in I.I.T. Kanpur in mechanical trade
- A team of 19 members (14 students & 5 staffs) participated in an Adventure camp in Darjeeling from 17th to 24th Dec. 09
- On 31st of Oct 2009, 120 ex-students of KIRAN went for an exposure trip to Bodh Gaya, Bihar

Publications

Previous year we published two books called 'Bhashankur' part I and part II. Part III of the book will be published before summer vacation. The books are beneficial for children having speech problem. The book has Hindi alphabets, small sentences and small essays about animal and birds. The book will also provide grammatical knowledge to the children.

The vocational department published a play book for the IQ toys unit. The book is beneficial for special educators to teach children with special education needs thorough fun and learn method.

Note: The published book is available for sale in KIRAN and in our two Suryoday city shops.
Deptt. of Rehabilitation

The Rehabilitation Department carry out medical rehabilitation of the children and youngster with disabilities. The department has a well equipped Therapy unit, a Parent and Child Counseling Unit, a fully fledged modern Orthotic workshop. The department also provides Community Based Rehabilitation and Out-reach services.

Major activities undertaken in the year 2009-10

Surgery Camp

The Rehabilitation Department with the help of Rama Krishna Mission services one of the old and charitable hospitals in Varanasi organized surgery camp for the children with disabilities by highly qualified doctors at a minimum cost.

- **Camps in Varanasi & its surroundings.**
  - Besides these activities, we also arranged a surgery camp in the month of November 09. Six patients (C.P. & Polio) were operated by Dr. Amit Jaiswal & Dr. Anil Pandey in this camp.
  - Dr. Amit Jaiswal & Dr. Anil Pandey visited our centre to assess the children in need of surgical correction of deformities and tendon retractions.
  - In the month of December 09 our children attended a distribution camp of aids & appliances by ALIMCO, Kanpur, under the government scheme “Sarva Shiksha Abhiyan”; 23 wheelchairs & 26 tricycles were received.
  - Children operated, received the post operative care in Out-reach hostel. Last year 187 children were admitted in the out-reach hostel for the following purpose.

### Out-reach services Unit

Our aim is to serve children & youth of far-off villages surrounding the Varanasi district. Throughout the year we reached them through:

- **General Camps** in Varanasi, Ghazipur, Mau & Ballia districts.
- **Cerebral Palsy Camps** in Varanasi & Mau.
- **Need based assessment Camps** in Robertsganj & Naugarh in U.P.; Kudra & Durgawati in Bihar.

Dispensary

Health is one of the major issues for KIRAN Centre, considering the overall development of children, youngsters and staff. To fulfill all these requirements, the Medical Director, one Nurse Assistant and one Helper are working almost “round the clock”. Moreover, a Homeopathic doctor is visiting KIRAN Centre once a week for consultation. Care for proper nutrition to our school children and trainees is another aspect that Dispensary staff along with the Medical Director are managing as a preventive measure against illness. Last year many children, youngsters and staff got benefitted from this service.

The annual General Health Check-Up of the School Children and Trainees was performed and all Trainees received vaccination for Tetanus.

From January 2010 onwards, Christine a Medical Doctor from Switzerland is volunteering at Kiran, and serving almost full time in the Dispensary, taking care of the patients who daily come for first aid and acute diseases.

From January to February 2010 Geraldine, also a Medical Doctor from Switzerland, volunteered at Kiran and gave precious help in taking care of the boys and girls living in our Hostels, reviewing and updating their medical file.

In last year (March 2009 to February 2010), the following visits were performed in the Dispensary and ORS Hostel:

| Visit to KIRAN school children | 823 |
| Visit to trainees              | 287 |
| Visit to patients of Outreach Service | 446 |
| **Total visits**               | **1556** |

Several children and trainees were referred and accompanied by our Dispensary staff to Specialist Doctors in BHU, Ramakrishna Mission Hospital, and Samvedna Hospital for various diseases and some of them were hospitalized in this period. Thanks to God, all of them had a good recovery.

Several children and youth are receiving regular therapy and free of cost medicines from the Dispensary.

VALEDICTORY

In this past year we lost one of our dear & precious staff member Mr. Vishwanath Tigga to a fast growing cancer which spread and finally lead to his death on 22nd July 2009.

“Dear Vishwanath, you were a very efficient orthotechnician, kind person and cheerful colleague to us. We do miss you but we shall take care of your wife and little child Tanisha”
Community Based Rehabilitation-C.B.R.

With our CBR team, we have taken up service in 10 new villages, close to KIRAN centre at Madhopur. We detected 62 new polio cases, 30-CP, 13-MR/MI, HI-24, VI-12 & OH-27, during the baseline survey.

To encourage and make aware about the disability rights, 4 workshops and meetings were organized for the PWDs and the parents of CWDs. In these workshops and meetings the participatory strength of different field persons were as follows- Govt. Officer-07, Gram pradhan-20, parents-10, media persons-04, PWDs & CWDs-19. Also a selection of 11 parents and 20 CWDs shared about their experiences. Along with this, 31 meetings held with village heads, 12 with influential peoples, 14 with Development officers & 5 with district level govt. officers.

Developed NGO networking with CREDa, Ramkrishna Mission, Christian hospital-Kachawa & Maa Baliraji training centre- Mirzapur.

To educate the persons of the community, PWD/CWD/Parents related to health, education & right issues, also to generate awareness on disability and its prevention, 07-health/Medical camps were organized, 45-new children Assessment, 116- benefitted. Number of training programs organized for ANM-01 (participated-15), for ASHA-01 (participated-105), Youth exposure program to KIRAN-02 (participated-50), door to door early detection organized in 8 villages, identification of new cases-08, organize of- public awareness camp-01, village meeting-04 (57 villagers participated), street play-01 (600 visitors present), training program for adult girls for their sexual health by Ramkrishna mission home of service, Varanasi (30 girls participated).

To sensitise the government health care system and the departments working for disability & rehabilitation, we are in contact with 05-PHC, APHC & CHC, 03-hospitals, 05-local practitioners, from which 05- PWDs & CWDs were referred, 14-referred for neurological & pathological test, 02-meetings held up with chief medical officer, 02-with hospital staff, along with the visit of 10 hospitals.

To carry out appropriate & holistic intervention with the children/adolescents, 2890 home visits were conducted by CBR staff, total PWDs in contact-521, education assessment (individuals, physical assessment (individual)-175, case discussed-08, contacted 08 government officials, 14 govt. office visit, 01-meeting with govt. officers. Including this, govt. facilities availed by the PWDs are- Medical certificates-26, identity card-04, pension-79, house-02, bus pass-12, rail pass-03, job card-21. All the school going children are now getting scholarships.

To arrange surgical interventions & provision of appropriate aids and appliances for children with
went through surgery, 01-through manual traction, 14-children got aids & appliances through KIRAN (which consists- AFO-02, KAFO-01, HKAFO-04, shoes-12, crutches, artificial limb-07, splint-02. Appliances distribution camp was also organized in which we distributed- 53 tricycles, 14 wheelchairs, 04 brail slate & white cane, 26 crutches, and 15 AFO & KAFO.

To strengthen the integrated SHGs & SHGs of the adults with different abilities- 16 SHGs group consisting of 190 members, organized- 181 meetings with 86 PWDs and their families. Along with this, 2 SHGs training organized, account opening for 4 SHG members, 47 SHG benefitted through loan, get together held with SHG (26 members) and 5 meeting held with the bank managers.

To facilitate access of children with different abilities to regular school so as to create an inclusive environment- 01 new CWD enrolled in school, 36 children received supportive home based program, 01 teacher’s training organized, 22 teacher’s participated, 18 schools in contact, 04 BRC were contacted, 21 BRC visit, 18 meetings with school teacher’s, 60 head teacher’s participated, visit of 54 school & colleges, & organization of 01 parents and teacher’s interaction.
Success Story of C.B.R.

Education has No barrier of Visual Impairment

Dharam Raj is the youngest child of his parents and is affected by bilateral visual impairment since birth. His father Mr. Nanda Lal and mother Mrs. Pachcho Devi both are daily wages laborers. Dharam Raj’s village is situated 8 KM away from the KIRAN Center. Government and private schools are available in their community. But there were no educational facilities for him. Dharam Raj had never attended school up to the age of eleven years. He was collecting grass from field and helping his mother in house hold works.

KIRAN Center made a survey for those special children who were untouched with the rehabilitation services and on the basis of the survey report it started its community based rehabilitation work in that area. Dharam Raj was integrated in a government primary school. In the very beginning, the principal of school was not ready to admit him, because they were not trained to handle a child with visual impairment. The CBR team organized a small orientation program for school teachers. After that they got some idea to handle him. He started his education in Primary School, Rudauli, Mirzapur. Orally he learnt a lot of things there. In 2007, he got admission at Hanuman Poddar School for visually impaired children Durga Kund (Varanasi), through Liliane Fund. He is staying in a school hostel. He adjusted himself with other hostellers. In the beginning, his parents were worried about him. But after few months they were satisfied with the progress of their child.

The special school for visually impaired children has really changed the life of Dharam Raj who can now read & write through Braille system. Now he is in class III. He has developed his artistic abilities as well. He is one of the best actors for street play (Nukkar Natak). He has a lot of interest in music also. During holidays, he takes part in awareness program on disability and advocacy. His parents are also involved in self help groups of that community. As a result, parents have decided to give him maximum education. Parents of Dharam Raj are realizing the fact that it is really helping to change their son’s life.

- English to Hindi translation of Play & Dice-game books from Aug. to Oct. 09.
- To upgrade staff skills and to fulfill RCI Registration norms, four staff attended CRE programme.
- Purchased books of various publications such as NIMH, SAGE, VHAI, IICP, Student point, etc., for HRTC library from Sept. to Oct. 09.
- Participation of 2 staff in a workshop in Sahibhagi, Lucknow from 17th to 23rd of Nov. 09.
- Orientation program organized for MSW students, from Banaras Hindu University.
- Three Kiran staff has gone for various higher studies to update their skills.
- Inauguration of Human Resource Training Centre on 19th of Nov. 09.

RECOGNIZED BY REHABILITATION COUNCIL OF INDIA-RCI

Course offered for the scholastic session 2010-11-
- Diploma in Special Education (C.P.) - duration- 1 yr

Course offered for the scholastic session 2011-12- (Applied for)
- Diploma in Rehabilitation Therapy Assistant - duration- 1 yr

- A training was organized for 18 people in Nav Sadhana school, for Vedic organizations from 28 to 30th Jan. 10.
- HRTC website designing from Dec. 09 to Jan. 10.
- On 20-03-10 a workshop was organized for KIRAN staffs on communication, grapho motoric, pre-writing skills.
- Display of Power point presentation to outsider students regarding the KIRAN Vision.
Deptt. of Administration

This department indirectly supports all the ongoing in-campus and out-campus activities. In the previous year the department carried out following activities:

- We purchased 4 Bighas of land adjacent to the Southern boundary wall of KIRAN. It will be utilized for farming and construction of some more staff quarters.

- We installed underground electrical & intercom cable everywhere in KIRAN.

- We purchased a new Tata Bus to transport children from Ramnagar to KIRAN & vice-versa. (Ramnagar service was started in the previous year).

- We Constructed new staff quarters near the cattle farm.

- We purchased & installed a new silent generator. It fulfills the requirement of electricity to carry out activities of KIRAN.

- On 27th of January 10 we conducted a plantation program in KIRAN. Our special guests and staff members participated in the program. Several fruit trees were planted near the fish pond.

The HRTC building and the Food preservation unit is complete. It will be fully functional from July.
Management Team

Our experienced managers form an efficient Management Team. Thanks to the regular meetings and workshops among us with the help of counselors like Fr. Subhash, IMS we are glad to work together, taking up the challenges leading KIRAN ahead for the well being of the children entrusted to us.

Networking

Networking is a powerful tool to increase efficiency! To develop strong network with the organizations working in similar field, we visited Kastoorba Sewa Samiti, Benipur, and other organizations in Varanasi.
Along with the academic and curricular activities, we also focus towards the fitness of children & staff. Regular yoga and meditation classes are organized in KIRAN to keep children and staff physically and mentally strong.

Balanced diet is essential for physical and mental fitness. Our dairy farm fulfils the demand of milk of our children & trainees to keep them physically fit. Along with that, yearly crops of rice & wheat produced in KIRAN give our staff and others a healthy and fit body to carry out the activities.
Celebrations

Religious Festivals-09

In spite of our busy academic session, we gathered with team spirit to celebrate religious-national festivals and other occasions and tried to capture the wonderful moments in our hearts. By giving equal opportunities to participate & perform on stage, we try to discover the hidden talents of children and staff.
National Festivals 2009-10

We celebrated the 63rd Independence Day and the 60th Republic Day in our campus.

We invite senior and respected citizens of our society as guests in such occasions so that our children can be inspired by them. Display of colorful performances by our children gives extra note of joy to such festivals. It is also a good opportunity for the guests to interact with our children and share memorable moments of their own childhood and of their experiences.

Thank you sir, your positive feedback motivated us in our endeavor of benevolence.
KIRAN Foundation Day

We celebrated the 20th Anniversary and the birthday of Sangeeta Bahinji on 27th of January. It was a festival filled with joy and many lovely programs. Some 12 friends from Switzerland came especially to participate in this feast.

In the free dance session all the audience danced to their heart forgetting themselves and enjoying the sweet moments. The Program ended with plantation of fruit trees in the campus.

You can guess the happiness of each of us, especially our visiting friends who before leaving announced a special gift to the staff: an exposure-trip to Agra – Delhi, and for the children a boat-ride on the Ganga.

Other Occasion

Staff Get Together

Staff get-together is a program organized twice a year in KIRAN by the staff to develop better relationship among each other. Although for a short, leaving behind all their worries staffs enjoy the program, participating in various programs. This is a good occasion for staffs to interact with one another.
Birthday celebration of hostellers on 15th of Aug. 09
Awareness Program

Happy of the twenty years intensive and constructive activities, the KIRAN team has decided to launch throughout the year 2010 attractive Awareness programs in Varanasi City, with one program every month in a different location.

Our aim is to call for more understanding towards the lives of differently-able persons and for willingness to support the efforts for their empowerment and social integration.

Till date these awareness programs were held at Muradev Village, at BHU, in the Village of Chiraigaon; and now in April we are happy to stage it at Dashaswamedh Ghat. The professional group of Vishwajyoti Communication Centre with its street-play on the theme of “Integration” and our students with songs and film are hopefully making it a success.
Program at Assi Ghat, Varanasi

Every year KIRAN organizes International Disability Day program at Assi Ghat, in which the children & youngsters of different NGOs of Varanasi working in the same field participate. On 14th of Dec. 09, KIRAN with a leading role and in coordination with Somord Computech, successfully organized the Assi Ghat program. The children of 12 other NGOs of Varanasi participated in this program. Starting with a painting competition, continued with the cultural program it ended with a most beautiful light ceremony on the Ghat, leaving behind a wonderful scenario and a strong message that, “Do not look at the disabilities, rather see the abilities of a person”.

Indian KIRAN Friends Association-IKFA

IKFA is a mode through which we directly approach and invite more & more people of the society nearby and abroad to come up, join & be part of KIRAN family. With each new IKFA member, we make a constant relationship and try to make them aware about the important monthly activities going on in KIRAN, by sending them our monthly IKFA newsletter. IKFA is also an effort to give a meaningful task to our two trainees, Mr. Vinod Goswami-IKFA, Representative (severely physically challenged boy). He is the editor of the IKFA newsletter and Mr. Somnath Bhattacharya, is assisting him to make IKFA a successful event. May this be for both of them a bright opportunity to come up in society with respect.
Important Visits in KIRAN

Ret. Major General- Mr. Ian Cordozo, the chairperson of R.C.I.

Bishop Raphly Manjaly, Diocese of Varanasi

Former District Magistrate of Varanasi Shri Ajay Kumar Upadhyay

Shri Ganesh Dutt Dubey- Rtd. Judge & Shri Sadal Gopal Mishra- Treasury Officer- Varanasi.

Shri R. K. Singh, Dyp. Manager, Indian Farmers Fertilizers- IFF.

We are thankful to all the honorable guests who visited KIRAN and from their precious time spent a few moments with our children!!
Volunteers/Expert Collaborators Visit

HAMPI from Switzerland:
Mr. Hanspeter Statsny, a professional in orthotechnicians, came for a 3 week visit to support our staff in the Ortho-Workshop with his in-depth knowledge of this field. Much work has been done in an improved manner during these visits, like ground-reaction KAFO, Hinged KAQFO, wheelchair-modifications, foot-orthosis.... And to teach team-work as well!!.

The Ischi family
For the first time in KIRAN’s history we were lucky to have with us as volunteers a whole family from Switzerland, for 5 months, the children Samy (12 years), Louis (9 years) and Alice (7 years). We admired their capacity to enter so easily into this fully other world for them; they joined in the classes of KIRAN’s primary school and made many friends. Their parents, Claudia and Remy helped a lot in caring for our Ravi, in swimming and hippo-therapy, in computer-works and in the preparation of our new unit of food-preservation; and every week-end was great fun for the hostel-children to play and enjoy together.

Ann Dinan from Ireland:
A retired professional in English teaching, dear Ann has offered to many staff and trainees three months of intensive English studies.

Lizzy.... from the USA:
After Ann’s precious input in English teaching was going to an end, it was lucky for us that Lizzy could step in and help us onward in this effort of learning better English.

Besides these volunteers, there were others also: Dr. Geraldine and Dr. Christine from Switzerland, Mr. Reinhard, Ortho-technician and Mrs. Marianne, Physiotherapist, also from Switzerland; Mrs. M. Francoise, Psycho-pedagologist, and four Brothers from Bangalore Biju, Bibin, Libin & Rozario.

TO YOU ALL, DEAR FRIENDS, A VERY GREAT THANKS FOR YOUR PRECIOUS HELP AND SHARING WITH THE KIRAN FAMILY!!

MESSAGE!!!

EVERY CREATURE BORN ON THIS BEAUTIFUL EARTH HAS A RIGHT TO LIVE WITH FREEDOM. LET’S COMMIT OURSELVES TO ENCOURAGE AND EMPOWER THE DIFFERENTLY ABLE ONES TO BE FULLY PART OF US.

Annual Report Edited by:-

Manoj Kr. Singh
Assist. Administration Officer
KIRAN Centre
OUR SONG OF THE EARLY DAYS....

It was in the freshness and enthusiasm of the first years that the then small KIRAN-Staff-Team dared to dream.... How good to read this today... and to thank God who helps us day after day to realize this dream at least a tiny little bit!

What shall the future bring?
Dream, KIRAN - family, dream!
What we can become
This is important!
Dream, KIRAN - family, dream!
Dream of the least in the world
Dream of what is possible for them
to become true!
Dream, share with others!
Turn your inside out for them!
Make other strong -
and you will be strong!
Then, together we shall be strong!
Dream, KIRAN - family, dream!
Live and love as fully as possible!
Then we shall share LIFE
with many, many more - - !
