

# ANNUAL REPORT 2010 - 11

## KURAN

*A Ray of Hope into Lives*

Centre for Education, Vocational Training, Rehabilitation and referral services of Children and Youngsters with different-abilities

## *VISION*

*KIRAN's Vision is to be a Resource Centre that empowers differently-able children and young people, in partnership with their parents, by providing quality service to them without discrimination of cast, religion or financial circumstances.*

## *MISSION STATEMENT*

*KIRAN provides quality services to support differently-able children and young people in optimizing their talents and skills so that they may live dignified and satisfying adult lives.*

*KIRAN does this in partnership with their parents and families.*

*KIRAN collaborates, and shares its expertise with individuals and/or organizations that have a similar Vision and Focus.*

## *Director's Note:*

Looking back on this 20th year of KIRAN's activities, it strikes me as a time of intense awareness-creation, celebration and thanksgiving. There is reason for thanksgiving, because on many occasions we have seen the growing interest of local people in KIRAN's services and an increase in their cooperation, financially or otherwise. There is also Gratitude when we look back on the past 20 years and notice the positive development in the field of the students' education and rehabilitation, as well as the staff-member's maturation and stability.

We try to give our best, and I trust that it is God who abundantly blesses our efforts.

Actually, the question is very much in my mind: "Why has KIRAN grown so much and so quickly?". It becomes clear to me that the answer is: "AN INCLUSIVE AND HOLISTIC APPROACH".

In fact, we had not intentionally planned it like that at the start. Life had just lead us with its daily happenings and demands, and today we are glad that because of its inclusive & holistic approach, KIRAN is able to offer the children -- at least to some extent -- an all-round care of their different needs, be it through education & healthcare, through physical rehabilitation & its diverse therapies, through vocational training, skill-training or support for higher studies, or also with support through an income generating program (IGP) and Micro Credit. When the family of a disabled child needs such an input and is ready to let the young adult also participate in it. What is always important is the differently-abled child's integration into the mainstream, and his or her experience of acceptance by becoming part of all that life offers.

When we decided for the inclusive approach while focusing on Cerebral Palsy - we were aware of its great challenge. But I believe that a Centre which welcomes children without and children with different types of disability can contribute greatly to building a society of RESPECT & TOLERANCE, which is so much needed today!

This inclusive and holistic approach is very demanding, because it forces us to be wide open, and at the same time to be realistic about our own capacity, so as to set clear limits when it is needed. An inclusive and holistic organizational pattern which waters down quality while pursuing quantity would not serve the purpose!! But I will say that inclusion is the only way, because LIFE is inclusive, and we can truly be happy and give happiness to others only when we are in tune with LIFE.

As I said in the beginning: thanksgiving has marked our 20th year. And so I would like at this occasion also, to say a very big THANK YOU! to all those who have so faithfully given us their support and friendship. Please do keep it up! It's a big encouragement for the KIRAN team!

**Sangeeta J.K.**

Executive Director & Founder

## Introduction

The concept of “WE” is the key identity to the success of our nation which is progressively becoming a well-versed, developed country. But still there are many issues about which we have to give serious consideration such as national security, agriculture, forestry, improving the economic status of individuals, health services, compulsory education for everyone, and lots more. The most important focus at the grass-roots level is inclusive education, rehabilitation and the proper integration of children and youngsters with different abilities. Our government has launched many vital policies for their betterment; however, as so many of them come from rural or remote areas, these government schemes never reach them. Hence, KIRAN by taking the initiative to help the differently-abled started its mission with a strong vision in the year 1990, and has been tirelessly serving them through rehabilitation, education, vocational training and also helping their families to emerge from distressing situations. As a result their families are now happily accepting our specialized services.

Along with the campus services given to around 310 children and youngsters coming daily for their studies, training or therapy, KIRAN has put into practice through our CBR and Out-reach services a holistic approach for around 8500 families (of severely disabled children) in nine of the district villages surrounding Varanasi. As regards their economic development we help them financially through our IGP services so that they can become self-sufficient and earn their daily livelihood. We are also running the training programme, i.e. a diploma course in Spl. Education and Rehabilitation Therapy, for those professionals and youngsters who really wants to serve the needy in all aspects, so as to empower them to live their life with dignity, which is KIRAN's ultimate goal. This is not simply rhetoric but rather a conviction that requires well-coordinated team work, taking initiatives and maintaining an undistracted focus on the special needs of the differently-abled.

Hence, with team work and the joint efforts of the guardians of differently-abled children, supporters, project partners and those working in the field, we can steadily build up a healthy environment.

## Department of Education

The education department selects the most suitable teaching techniques. Our experts in the field pay careful attention to the special-education students so that they will not be left behind in their class. They give a healthy atmosphere to our classes without creating any kind of academic pressure. This is possible because along with their studies, they are also engaged in various extracurricular activities. In the course of the year 2010. The Education Department carried out many important activities which are as follow:

- Groups of 8-10 children, presented monthly awareness programs at different locations in Varanasi throughout the year 2010.
- All our teachers spent two days visiting the children at their homes in

the month of January 2010 to assess the family situations, so as to draw up new plans and strategies that could be made together with and for them.

- Our children enjoyed swimming in the pool and riding the mini horse throughout 2010. Volunteers

collaborated well in this task.

- A one-day workshop for the 30 parents of our hearing impaired children in the month of April 2010 was organized, in which the teachers of the department discussed the causes of hearing impairment.
- A full day program was organized for our CP children which comprised dancing, singing, swimming and sharing in the month of April 2010.

- A summer camp was organized for 80 children (presently at KIRAN and ex-students) from 10th to 19th May 2010, with the theme "The Environment". We divided the participants into six

groups which were: English, Computer, Craft, Dance, Song and Drama. The local villagers were invited for the occasion when our children displayed their talents by performing a 1 1/2 hour cultural program. We sold various products prepared by our children at our exhibition stands.

- Our children spent the last day of the summer camp as a holiday in “Shiv

Ganga Resorts”, Varanasi, where they enjoyed themselves a lot.

- Our hostellers i.e. Deepu (Class X) spent her summer holidays in Lucknow and Rahul as well as Aman in “Asha Niketan”, Asansol.
- A meeting was held for 35 parents of our hostellers in the month of May 2010.
- Preparations for the 20th Anniversary of KIRAN were carried out from September to October 2010.
- On the eve of the KIRAN Festival there was the official inauguration of a music CD consisting of 8 songs sung by the KIRAN children. The music and lyrics were composed by our Music Teacher- Suarabh Shrivastava and Deva.
- There were five workshops for parents organized by the Ramkrishna Mission on the topic of “Nutrition”.

- An “Adventure Camp” at Darjeeling was organized by the “Himalayan Nature and Adventure Foundation” for 8 of our children in the month of December 2010.

- Our 5 teachers were given the opportunity to learn new methods and effective techniques of teaching English by our volunteer, Mr. Paul Filippetto.
- Our hostel Children got a chance to enjoy themselves at the DLW Dushehara Mela as well as the Christmas Mela at the Catholic Church-Cantt, Varanasi.
- 18 Special Education Children were given IQ testing.
- This year we are converting our Kindergarten and L.K.G. classes to English medium.

## Department of Social Integration

The main aim of this department is to integrate the differently-able youngsters into the mainstream of our society so that they could become independent to earn for their daily living. Also it keeps constant relationships with them and to their families too, encourages and supports them for their entire uplift.

This department carried out the following activities throughout the year-

- Ms. Sibylle Graf- HoD Vocational Training left to return to her country

at the end of March 2011. Mr. R.N. Rai has substituted her.

- The Vocational Department is now partitioned into two i.e. Vocational Training and Skill Training, for which the two managers are given responsibility to look after the activities.

## SKILL Training in KIRAN

Due to awareness campaigns & lots of initiatives taken by our government regarding the eradication of polio, the polio cases are now become rare. On other hand C.P. challenged children are continuously increasing. The newly launched skill training unit would be an extra advantage for those C.P. & M.R. children to learn essential life skills. Our aim is to teach them skills in order to earn their livelihoods, for example, making preservatives such as jam, pickles and many more. KIRAN will also promote and sell their products in the marketplace. The income received with the sales shall be given to them as their salary.

- We have employed our trainees as production staff, as there is a need for technically skilled staff who can complete orders efficiently and on time. Thus with the help of two groups of staff, i.e. Vocational & Skill training, C.P. challenged children are given chance to work.

## Vocational Training

The KIRAN Centre gives training to needy youngsters who are beyond school age and are mature enough to earn for themselves. We give them training and exposure to the practical aspects of their chosen trade, as well as the opportunity to participate in cultural, curricular, sports, and other activities, so that their entire personality can be developed in a holistic way. The following are some of the activities of the vocational training department during the previous year:-

- Sports day for trainees at DLW on 2nd Jan. 2010
- Meeting with the parents of the trainees on 22nd Jan. 2010
- Orders completed for MESH- Delhi from January to February and May to August (wooden toys, games and silk scarves) and from March to April (wooden games and batik cards)
- A picnic for all our trainees on 5th Feb. 2010
- A trainee get-together on 5th March 2010
- Market stall attended to at technical college B.H.U. on 5th March 2010,

where various crafts and bakery products were sold

- We completed order for MESH- Delhi in the month of Dec. 2010, which consisted of wooden games and batik cards
- New trainee applications received in the month of April 2010
- Exams held for all trainees in the month of May 2010 and rewards / certificates given for the successful completion of the training

- Trainee get-together and farewell party on 28th May 2010
- City Youth Meeting in May, followed by further meetings every two months
- We inaugurated carpentry unit in the month of July 2010
- Birthday celebration for all KIRAN hostellers on 15th Aug. 2010
- Vishwakarma Pooja commemorated by all units on 17th Sept. 2010
- Orders for Mrs. Marayam-Holland (silk scarves & paintings) completed in the month of Aug.-Sept. 2010

- KIRAN Festival 2010 in which trainees performed in the drama “Sawa Ser Gehu”, while others put up stalls and sold their own products

- An order of 100 tangrams completed for Mr. Edith Hugentobler in the month of Oct. 2010
- An order of various craft items and wooden toys completed for Mr. Urs Keller in the month of Oct. 2010
- Stalls of products prepared for the KIRAN symposium held at B.H.U. on 7th Nov. 2010
- Inauguration of the Food Processing and Preservation unit on 22nd Nov. 2010
- Trainee get together on 25th Nov. 2010
- Participation of trainees in the Disability Day and Christmas celebrations organized in KIRAN

## Adventure Camp to Darjeeling

Some of the KIRAN children participated in the adventure camp to Darjeeling from 18 to 23 December 2010, which was organized by the “Himalayan Nature and Adventure Foundation”, Siliguri.

After reaching the N.G.P. Railway Station at Darjeeling, they started their journey to the camp. The pathway from the station to the camp area wound its way through forests which was an exhilarating experience for all. The main aim of the camp was to raise awareness about our responsibility towards nature, because clearly our well-being depends on the well-being of nature.

Many differently-abled children from various organizations also took part in the camp. All were trained to identify and develop their internal powers as well as their hidden talents. While residing in the camp all participants needed to follow similar rules laid down by the instructors. The experience at the camp was a source of very positive energy for everyone involved, and the effect on the children was feeling very refreshed upon their return home.

## Stories of Achievements and Success:

**Sundeep Pandey** We are proud to say that, one of our former student, Mr. Sundeep Pandey, despite being affected by post polio residual paralysis (both lower limbs), is now working as a professional Gazal, singing and playing instruments, with the guidance and support of the KIRAN Centre.

He was born in 1985, in the village of Dhaurahara, Chaubeypur, Varanasi. In 1995, he came to the KIRAN Centre for treatment, and subsequently was able to start walking. While continuing his treatment in KIRAN, Bahan Sangeeta gave him admission to our school where he studied up to class 12. Due to his interest in learning music, he completed Prabhakar in Tabla along with his studies. With the support of KIRAN, he is now self-employed and even after leaving KIRAN he continues to collaborate with our Centre which assists him in his livelihood. At present he is running his music institute in Saket Nagar, Sankat Mochan, Varanasi, where he gives musical training, for example, the tabla, guitar, harmonium, violin, flute as well as training in singing (in which he has done Prabhakar!). As a professional he now performs in various regions of India. Sundeep wishes to give his deepest gratitude to Bahanji and his teacher Pd. Rohit Mishra, whose constant support was instrumental in his overall achievements.

**Anish Yadav** After completing class X, Mr. Anish Yadav, who was affected by Polio, was brought to the KIRAN Centre by his parents, Rajendra Pd. Yadav and Premlata Yadav, in search of a better job opportunity. With an eye on his interests and abilities, we involved him as a trainee in the bakery section of the Vocational Department. Here he was trained to prepare

bakery items such as, peanut butter, bread, cakes, biscuits, etc. He has in time become an excellent baker and is working for the Brown Bread Bakery/ Organic Food Pvt. Ltd at Assi. Mr. Michael, the Managing Director of Brown Bread Bakery, who comes from Germany and is running an NGO, "Run for Life", which specializes in the education and medical care of poor children in Varanasi, is very happy with Anish's work.

His present job comprises the production of Peanut Butter, Jams, pickles, etc, which he is doing very well. Our best wishes goes for his bright future.

## Department of Rehabilitation

KIRAN is giving rehabilitation services to about 8500 children and youths suffering from disability who are in contact with us since the beginning of KIRAN's activities. The needy ones from both urban & rural areas are being benefitted through physical rehabilitation, special education, medical therapy, parents counseling and mothers' training, provision of prosthetic & orthotic appliances and special modified wheelchairs & furniture. Our outreach and community based programmes in rural areas which focus on health, education, livelihood, social & empowerment, are serving many villages in 9 districts of Uttar Pradesh and Bihar. The key to our intervention has been a 'right' based sensitizing and empowering people to recognize their rights and their entitlements. In our CBR villages, 19 Self Help Groups have been formed, with 223 members including 82 persons with disabilities.

In north India, many CBOs and NGOs

are approaching us as the resource centre for their staff to be trained in holistic rehabilitation and to implement CBR activities with help of their animators. Our different partners are demanding to organize camp to assess the need of their differently able children. In the last 2 years, 107 mothers of children with disability from Baliya, Gazipur, Mau, Varanasi, and Mirzapur districts were trained to properly care and handle their special children. The Prosthetic & Orthotic Unit is also involved in training for local youngsters, who are interested in manufacturing of appliances. Our Prosthetic & orthotic staff attended a CRE program organized by International Society for Prosthetics & Orthotics (ISPO) in Varanasi, which was very much useful for them.

### **We provide holistic rehabilitation by:**

- Regular physical therapy performed and taught by professional therapists.

- Producing appropriate orthotic and prosthetic appliances.

- Arranging animators' training programs for our partner's organization.
- Implementing and promoting rehabilitation services in rural area.
- Advocating to meet the basic needs such as education, healthcare, livelihood & employment opportunity.
- Assisting in the process to get different facilities/benefits provided by state and central government.
- Organizing different training program for animators, parents, school teachers, health workers, caretakers and special children.
- Organizing Out-Reach General (for all disabilities) camps, Cerebral Palsy Camps and Orthopedic Surgery Camps.

- Networking with other service providing agencies in the field of disability and development.

Rehabilitation department always focuses on reaching out to persons with disabilities who are marginalized and living far from rehabilitation facilities in the eastern part of North India. The rural

areas of this part of the country are suffering from poor socio economic conditions, lack of awareness, appropriate services, education and basic health care facilities.

In response to these poor conditions, Kiran Centre provides good quality prosthesis & orthotics, wheelchairs and other mobility aids and other

appliances, along with physiotherapy, occupational therapy, hippo therapy, hydro therapy and medical care on day to day basis. All these services are available free of cost for poor people and families. These services are made available through the seven Units of Rehabilitation Department: PCCU, Out-Reach, Mothers' Training, Orthotic Workshop, CBR, Physiotherapy and Health Care Units.

The Community Based Rehabilitation Programme continues to extend the support to 686 children with disabilities in 30 villages of Mirzapur and 10 villages of Varanasi district. We support them for their education, home based therapy, aids & appliances,

modified special furniture, medical and surgical care. This year, we also extended our work in 10 new villages of Varanasi nearby KIRAN Centre. Three self help groups -Maa Saraswati, Shiv Shankar & Jay Bhim (altogether 37 members), have been formed and they

initiated activities of micro saving and rotation of the funds amongst the members. All the old groups have started income generation activities: grocery, vegetable -shop, buffalo farming, piggery and farming. They are also participating in awareness programs for the community. SHG members are also taking part in getting different benefits through government. With the help of KIRAN Centre's Revolving Fund, few youths with special needs and their parents started an income generation program in their own villages, which is a great success! They are returning the loan amount on time. The initiatives of Self Help Group, together with the implementation of the government scheme MNREGA (Mahatma Gandhi National Rural Employment Guarantee Act) have

created livelihood opportunities for many persons with disabilities and their families. Now, we are giving more focus on health promotion and disease prevention. With the help of Ramakrishna Mission Home of Service, Varanasi, we have arranged 10 Health Education Workshops for women and adolescent girls in our CBR communities on different topics relevant to health promotion and disease prevention: proper nutrition, safe motherhood, child care, prevention of communicable diseases, hygiene and proper sanitation. A NGO named Prerna Kala Manch of Varanasi is also supporting us to create rights awareness among villagers through street play. In recent years, the Government of India has taken of initiatives to ensure rights and entitlements for persons with disabilities. The Right to Education, Right to Information and Right to Employment Act are the key initiatives in this context. Making universal access to education and UNCRPD (the United Nations Convention on the Rights of Persons with Disabilities) are topics of hot debate and discussions among representatives of the government institutions/ services and NGOs.

In the Orthotic Unit, this year we have produced 393 good quality prostheses & orthotics that are well fitted and comfortable to meet the needs of children and youngster with disabilities. With their usage children

improve in mobility, especially in walking, so that they have broader

This year we have provided 14 wheelchairs to the needy children and trained staff to modify wheelchairs according to the need of the specific

opportunities to access the services available in the society and to become active members of the society. Nowadays, we are also meeting several cases of amputee, so the demand of prostheses is increased. However, the cost of good quality components for prostheses is very expensive, so it is very difficult to arrange prostheses for needy persons on their own cost.

child. In fact wheelchairs available in the market are often not completely appropriate and may cause or worsen spinal deformities. We have also organized internal training programs for our school teachers on “positioning and management of aids and appliances”. Mr. Hans Peter, a prosthetic & orthotic engineer from Switzerland, has organized two workshops for three weeks on quality improvement of prosthesis and orthosis. An orthotist from Switzerland, Mr. Mirdad, volunteered for six month in ortho workshop, and two more, Mr. Martin and Mr. Nino, will stay with us for six month.

KIRAN Centre has organized a National Symposium on “Cerebral Palsy:

Treatment and Rehabilitation in Indian Rural Context”, held on 7th November 2010 at Benares Hindu University (BHU). UNICEF supported us to make this event successful. About 300 among doctors, rehabilitation professional,

network partners, CBR practitioners and special educators participated into it. Resource persons for this event were from leading institutes of India: NIMHANS (Bangalore), AADI (Delhi), IICP (Chennai), National Trust (New Delhi), CARENIDHI (Delhi) Pediatric Department of B.H.U. (Varanasi), Ramakrishna Mission Home of Service (Varanasi), and UNICEF (Lucknow). Dr. Andrea Martinuzzi from Scientific institute Medea-La Nostra Famiglia (Italy)/WHO- International Classification of Functioning, Disability and Health (ICF), also joined the symposium as guest speaker.

Following are other events in Rehabilitation Department during last year:

- \* Our 10 Physio- and Occupational Therapists took part in a 2-day training program on the implementation of the WHO International Classification of Functioning, by Dr. Andrea Martinuzzi (Italy).
- \* The WHO representative for implementation of CBR, Ms Sue Luker Smith and her husband Mr.

Martin, visited our CBR program to observe the various aspects of CBR. She seemed very happy to see the evidences of CBR program.

- Dr. Moreno Toldo, our Medical Director, took part in an exposure visit to Rehabilitation Centre for Disabled Children at K.E.M. Hospital (Pune), together with a team of UNICEF Doctors of Uttar Pradesh. Purpose to visit the centre was to learn more on early detection and early intervention for children with Developmental Delay and Cerebral Palsy.
- Mr. Ranjeet, Head of Rehabilitation, attended the annual partners meeting of SOIR-IM, in Dehradun. This opportunity has given space to share our experience in disability and development.
- Dr. A.Martinuzzi and Dr. Enrico Trevisi, both from “La Nostra Famiglia”- Italy (a leading Italian institute for rehabilitation and education of children and youth with disabilities), visited the families and houses of some patients cared by our CBR program, to understand the different aspects of CBR.
- Ms. Surita Gautam took part in 21 days CRE (Continuation of rehabilitation education) program organized by Banaras Hindu University.

## Statistical Data

### Parents & Child Care Unit- P.C.C.U.

# सर्जना सेवा राग की

प्रमोद मालवीय, वाराणसी

रिस्टर्ट संगीत एक ऐसा गतिधरम है जो अपने नाम के अनुक्रम सर्जना कर रही, एक ऐसे राग को जो कानों से नहीं दिल में तबलात्मक रहता है। किसी मात्र पर नहीं जोरक लचकर, अलगाव और अलग बच्चों के चोरे पर मुकाम बनकर संभवा और संवरता है। सान्त्वना सेवा के पूरे से रचा गया यह नम परफेक्ट बच्चे है संस्था 'किरण' की अग्रणी में, जिसका गठन ही वैश्व और साधारण के अंग्रे को जीवन के उदय से किया गया है।

विकलांग बच्चों के लिए रिस्टर्ट संगीत

सांस्कृतिक रूप से अग्रिम बच्चों एवं युवाओं के पुनर्वास के लिए 'किरण' में कुछ पत्र वितरण के बाद कोई भी किना अटक और भटके कह सकता है कि सामर्थ्य में उनसे स्वयं को पूर्य पर संभवा होने देना है। संगीत का परिचय सबको मिले चलाये वाली 'रिस्टर्ट' के रूप में है। तकनीक 65 वर्षीय रिस्टर्ट संगीत अब भी पाठो अग्रिम बच्चों के बीच रहती है। यह जय, लोक सेटर के आधारे बच्चों से मिल रही होती, गले नहीं लगा लेती उनके बीच रहती है। उनको यह लेख अधिष्ठाता रसी नहीं है। इस व्यवहार में कर्मों और को कल्याण रासक नजर आती है।

रिस्टर्ट संगीत कहती है 'बी बहुत खूब है कि खोटी-नी संभवा परफेक्ट को अग्रिम के चोरे है, हमारे शक्ति अब समुद्र में आर्य करने लगी है। हमारे परिचय 'किरण' को उदर प्रस्तुत में पूर्णतः से प्रतिष्ठित संसाधन का किंग

बनना है जो सांस्कृतिक रूप से अग्रिम बच्चों और युवाओं के समाज शिक्षा और पुनर्वास का नजर आता है। स्वित मूल को रिस्टर्ट गतिधर के रूप में 1979 में एक 'नम' के रूप में कलात्मक आर्य और मीटिंग के अग्रिम के रूप में किरण के एक कर्म में गतिधर नम

## अपग बच्चों को समता का अधिकार दिलाने को समर्पित एक जीवन

के योग्यता बच्चों को सेवा के साथ इसकी दुकानत कर दी। और-और बच्चे बढ़ते गए। सेवा का धारा बढ़ा तो वर्ष 1994 में उदर से 13 किलोमीटर दूर दक्षिण प्रायद्वीप में कर्नाट खरीदी गई और वर्ष 1998 में यह सेवा पूर्ण तरह से स्थानांतरित हो गयी। तकरीबन 30 एकड़ की जमीन में बनी यह संस्था एक सुसज्जित, सुव्यवस्थित व हार्दिक बटोर गण के रूप में विकसित होती जा रही है। यहां विभिन्न रूप से 250 से अधिक अग्रिम बच्चों एवं युवा प्रशिक्षक शिक्षा, उपचार प्रबंधन तथा व्यावसायिक शिक्षा प्राप्त कर रहे हैं। हमारा ही नहीं संस्था समुदाय आधारित युवाओं को शिक्षा में भी भाग करने लगी है। अब तो यह हमारे से अधिक बच्चों एवं युवाओं को उनके स्थान पर जाकर पुनर्वास सेवाएं प्रदान करने लगी है। किरण में जिन बच्चों ने अपनी पढ़ाई पूरी कर ली है, उन बच्चों को अन्य संतोषदायी व्यक्तियों में समाहित कराया जाता है अथवा व्यावसायिक प्रशिक्षण प्रदान कराता है। बच्चों का तब तक सहायता किया जाता है जब तक वह परिचय व स्वतंत्र रूप से कार्य करने योग्य न हो जायें। रिस्टर्ट संगीत का समर्थन है कि यह इन लक्ष्य बच्चों को किसी भी तरह अग्रिम कृपा का पात्र बनना नहीं चाहती। ये समर्थन, ध्यान की भावना के साथ समाज को कुछ धारा से जुड़े और तबतुल्य भी करे कि ये किसी से अग्रिम नहीं है इसी तुल्यता और समता के रूप में गतिधर नम

ता जागरूकता कार्यक्रम गीत प्रस्तुत करती छात्राएं।

## विकलांग बच्चों को स्वावलम्बी बनाने की जरूरत

किरण को ओर से ज्ञानिवार को राजघाट स्थित वसंत महिला महाविद्यालय में विकलांगता जागरूकता अभियान का आयोजन किया गया। कार्यक्रम में मुख्य अतिथि डाक्टर संजीव कुमार ने कहा कि विकलांग बच्चों को मुख्य धारा में लाने के लिये उन्हें स्वावलम्बी बनाने की जरूरत है। उन्हें सहयोग देकर उनका सम्मान करें। भारत के विकास में कंधा से कंधा मिलाकर को हमारे साथ चल सकते हैं। इस अवसर पर प्रेरणा कला मंच द्वारा नाटक का मंचन कर समाज को यह संदेश दिया गया कि विकलांगता अभिशाप नहीं है विकलांग बच्चों भी समाज में बराबर का दर्जा पाने के हकदार हैं। संस्था के बच्चों ने गायन प्रस्तुत कर सबको मन मोह लिया। कार्यक्रम का शुभारंभ बच्चों ने स्वागत गीत से हुआ धन्यवाद ज्ञापन आर.एन.ए. ने किया।

# उन्नति पथ पर बाधाएं आना दुखद : टाकुर

मारवाड़ी युवक समिति की ओर से प्रतिभा सम्मान समारोह का आयोजन

निज सावादाता

वाराणसी

प्रतिभावाचनों के उन्नति पथ पर आर्थिक व सामाजिक बाधाओं का आना दुखद है। समाज में मेधावियों को कमी नहीं है, बराबर रहते हैं उन्हें मार्गदर्शन देने को। का शक्ति डीआईटी टैकिंग टाकुर ने विचार को मारवाड़ी युवक समिति के 'प्रतिभा सम्मान समारोह' में वतौर मुख्य अतिथि कही। इसके पूर्व मानवार्थकार जतिनगरानी समिति (पीवीजीएमआर) से जुड़े बच्चों ने बाल विवाह पर आधारित एकांकी 'सिंदूर नहीं सिद्धा' का मंचन किया। समारोह में डीआईटी की डीके टाकुर ने राष्ट्रीय फुटबॉलर पूरुम चौधरी, बाल वैज्ञानिक रामच चौरसिया, बाल विवाह

का विरोध करने वाली छात्राएं पूजा, ज्योती व चन्द्रा, विकलांग होने के बावजूद आईआईटी में चयनित अभिषेक सिंह, 'किरण' संस्था के प्रतिनिधि गजेन्द्र नाथ राय को समुचित चिह्न व प्रशस्ति पत्र देकर सम्मानित किया।

चार्टर्ड अकाउंटेंट में बेहतरीन उत्तीर्ण से सफलता प्राप्त करने वाली ब्रह्मा सिन्धी व मिथि सराफ को अनुपस्थिति में पुरस्कार प्राप्त कर माता-पिता एवं वे पुस्तकित थे। कार्यक्रम में बाल वैज्ञानिक रामच चौरसिया के आतिथ्यकारों को प्रशंसा भी लगायी गयी। जिसे देखने लोगों का मनमा जुटा। विशिष्ट अतिथि उद्योगपति दीनानाथ झुनझुनवाला ने समान समारोह को रिस्टर्ट जारी रखने को सात कदों। इस मौके पर अग्रज पुरभीराम नालान के संचालन में अशोक नालान, अग्रज पौदार, विनय अग्रवाल, मदन मोहन पौदार, राधेश नालान, सरोज नालान, रावी पौदार, सुशील अग्रवाल, केके गुता आदि थे।

## प्रतिभाशाली युवक-युवतियों का सम्मान

वाराणसी : मारवाड़ी युवक समिति ने समाज के नवोदित आठ युवक-युवतियों को न केवल सम्मानित किया वरन् उनका मनोबल भी बढ़ाया। शिवपुर निवासी समिति अध्यक्ष व विचार को समारोह आयोजित कर मुख्य अतिथि डीआईटी टैकिंग टाकुर के हाथों उन्हें सम्मानित कराया। इसमें रामच चौरसिया को बाल वैज्ञानिक, पूरुम चौधरी को राष्ट्रीय

फुटबालर, पूजा, ज्योती, चन्द्रा को बाल विवाह के विरोध, अभिषेक सिंह को पारिवर्णिक होने के बाद शिक्षा के क्षेत्र में उत्कृष्टतम स्थान और राजेंद्र नाथ को विकलांगों की सेवा के लिए पुरस्कृत किया गया। समारोह को संबोधित करते हुए डीआईटी ने प्रतिभावाचनों को समाज के सामने लाने और यथा संभव मदद के लिए समिति की सहायता को और प्रतिभावाचनों को राष्ट्र को सेवा में कदम बढ़ाने के लिए प्रेरित किया। इस मौके पर पुरभीराम नालान, दीनानाथ झुनझुनवाला, अशोक कुमार नालान, अग्रज कुमार पौदार, राधेश नालान, सुशील अग्रवाल, सरोज नालान आदि ने विचार व्यक्त किए।

## 'सिर्फ आशा ही नहीं हमें पूर्ण विश्वास है'

वाराणसी (ख़बर)। किरण संस्था के जीवन शुरू होने के उपलक्ष्य में आयोजित सांस्कृतिक समारोह में विकलांग बच्चों ने गीत, संस्कृत और गजल पेश कर लोगों को स्तब्ध कर दिया। अग्रिम महिला, पीवीजीएमआर के समारोह में आयोजित कार्यक्रम को शुरूआत विकलांग बच्चों ने गीत 'मिल-जुल कर हम...' पेश किया। मुख्य अतिथि कालेज की प्राचार्य डा. मधु अग्रवाल ने कहा कि जिन बच्चों को समाज कमतर आंकवा है, उनकी सहायता के लिए हमें को आगे अग्रज चाहिए। संस्था के राष्ट्रीय राय ने कहा कि संस्था विकलांग बच्चों को स्वावलम्बी बनाने का प्रयास कर रही है।

## 'विकलांग बच्चों को प्यार की जरूरत'

वाराणसी (ख़बर)। किरण संस्था के जीवन शुरू होने के उपलक्ष्य में आयोजित सांस्कृतिक समारोह में विकलांग बच्चों ने गीत, संस्कृत और गजल पेश कर लोगों को स्तब्ध कर दिया। अग्रिम महिला, पीवीजीएमआर के समारोह में आयोजित कार्यक्रम को शुरूआत विकलांग बच्चों ने गीत 'मिल-जुल कर हम...' पेश किया। मुख्य अतिथि कालेज की प्राचार्य डा. मधु अग्रवाल ने कहा कि जिन बच्चों को समाज कमतर आंकवा है, उनकी सहायता के लिए हमें को आगे अग्रज चाहिए। संस्था के राष्ट्रीय राय ने कहा कि संस्था विकलांग बच्चों को स्वावलम्बी बनाने का प्रयास कर रही है।

## विकलांग बच्चे बराबर का दर्जा पाने के हकदार

वाराणसी : विकलांगता जनजागृति अभियान के तहत अग्रसेन कन्या प्रीजी कॉलेज में मंगलवार को किरण संस्था के सहयोग से सांस्कृतिक कार्यक्रम का आयोजन हुआ। इस दौरान किरण संस्था के बच्चों की ओर से गायन प्रस्तुत किया गया। प्रेरणा कला मंच ने नाटक के जरिए संदेश दिया कि विकलांगता अभिशाप नहीं है, विकलांग बच्चे भी समाज में बराबर का दर्जा पाने के हकदार हैं। प्राचार्या डॉ. मधु अग्रवाल ने कहा कि विकलांग बच्चों को मुख्यधारा से जोड़ने के लिए सबको प्रयास करना चाहिए। संस्था की निदेशिका संगीता जेके ने बताया कि वर्तमान में 282 बच्चों शिक्षण व 65 युवा व्यावसायिक प्रशिक्षण प्राप्त कर रहे हैं। धन्यवादज्ञापन आरएनए ने किया।

## Department of HRTC

The Human Resource training department started its fully fledged functioning with 25 new admissions in D.Ed.S.E.(CP) course at the beginning of this academic year. It was a new experience for the HRTC team members and we are happy to say that there was not a single drop-out case among the admitted students. We also took up the responsibility

for the training of existing staff, and this year two of our staff have completed a Master of Education and Post Graduate Professional Diploma from Ram Bhadracharya University & Rajarshi Tandon University respectively. At present, three staff members are persuing a Bachelor of Education & Post Graduate Professional Diploma from Rajarshi Tandon University.

Beside the above mentioned diploma courses, the following are the activities taken up by HRTC during the 2010-11 session:

Programme	No. of Participates	Date	Place
Awareness Programme on Disability	25	17 July	W.H. Smith School, Varanasi
Assessment Camp	25	28 September	Mirzapur
NGO Visit	25	06 October	Nav-Vani & Jeevan Jyoti School
Assessment Camp	25	09 October	Mirzapur
Assessment Camp	25	29-30 November	Kesharipur, Varanasi
Exposure Trip	25	24-26 February	IICP, Akshar and Asha Niketan, Kolkata

## Department of Administration

“Administration” has a core function as it always supports the other departments by continuously keeping track of the ongoing in KIRAN and by facilitating the work of the other departments. Administration carried out the following activities during the past year:

- The Silent Generator was donated by H.P.C.L., for which we are thankful. This generator is very useful in generating sufficient electricity for our regular activities without creating much noise or pollution.
- A donation of ten computer stations for our computer lab was given by BHEL. The children and youngsters who had had little opportunity to get practice at the computer would benefit.

- We have launched a new Health Welfare Policy this year for our staff and have created a KIRAN Health Welfare Fund, through which our staff & their families would be

- covered in case of any severe illness and/or surgery.
- The construction was completed of the Suryoday hostel where around 22 youngsters would reside.
- The construction of the food processing preservation unit was completed and we have started work there with 16 youngsters and 2 staff.
- Six bighas of land was purchased.

## General Services

- The construction of a new staff room behind the H.R.T.C. building was completed.
- The construction of a fodder storage room for our cattle was completed.
- A program was started for decomposing waste and utilizing it for agricultural purposes.
- The construction of store room in Angali hostel was terminated
- Roof construction for the canteen, tailoring, school and bakery were concluded
- The ceiling and painting work for Art & Design shop was completed
- Plans to level all of the compound's roads with tar have been finalized.
- A new school bus was purchased in the last financial year with funds earned from the sale of a bus whose permit had expired, a Jeep (Bolero) and a mini tractor for land cultivation.

- Three new drivers were hired to drive our school buses
- A new control panel for HRTC is being made
- All the solar street lights of our campus have been repaired
- The solar water heating system for the swimming pool has been modified
- The insulation work for all the electric cables and prepared deep earth for the transformers as well as all control panels have been completed
- During this year 1700 kgs of wheat, 1500 kgs of rice, and a sufficient supply of vegetables were produced; furthermore, new trees were planted and our fields leveled by our farming unit
- A new floor and the plaster work for the dairy farm were made
- 1303 litres of milk during the month of March was produced itself by our dairy
- The boundary wall of the HRTC building was constructed

## Future Prospects

- Plans are being carried out to change the school's teaching medium from Hindi to English as well as placing even greater attention on improving the quality of education by extensively implementing an inclusive education system from this year onwards for all our classes
- Extending our academic classes up to VIIIth standard is being programmed. This includes making out an application to the appropriate authority for its recognition. With this important step, our disadvantaged children would be privileged with the stability and continuation of the secondary integrated education at the same place, instead of searching for another school
- The new purchased land will be utilized for the cultivation of various crops resulting in an increase of productivity to meet out the daily needs of food grains for our children and might reduce the purchase of cereals from the market. Also some fruit trees are to be planted so as to maximize the output of the land
- Shelters near the staff quarters will be constructed for severely disabled children or youngsters who don't have a place and are coming to KIRAN for their regular studies or training. This would be a great help for poor struggling families that are incapable of supporting a severely disabled child. This year one multistory building will be constructed for them to be followed by others.

## Staff Training

Along with the welfare of the children, youngsters and their families, we also focus on the professional training of our staff. They were offered various training programmes within their respective fields of expertise; they were given the opportunity to learn new techniques and how best to implement them in their work so as to improve their contribution to KIRAN ,which ultimately would be of benefit to the children's welfare. For the training we chose staff from different fields so that they could be specialized in their area of expertise.

The detail of the training programme offered to our staff members are as follows:

<b>Training Completed</b>					
S.No.	Course Offered	Duration	Year of Completion	No. of Staff	Department
1	MBA- HRM	2 yrs	2011	1	Administration
2	MBA- Banking & Finance	2 yrs	2011	2	Finance
3	Speaking English	6 mth	2011	3	Administration
4	B.Ed. In Special Education	2 yrs	2010	1	Special Education
5	M.Ed. In Special Education	2 yrs	2010	1	Special Education
6	Masters in Disability Rehabilitation	2 yrs	2010	1	Rehabilitation
7	Automobile Training	1 yrs	2010	1	General Services
8	Dip. In Computer Teacher Training	18 mth	2011	1	Education
9	PGPD in Spl. Education	1 yrs	2012	1	HR Training
<b>Training going on</b>					
1	Bach. of Computer Application	3 yrs	2012	1	Administration

## Learning Week

From 3rd to 7th of January 2011, we organized a “learning week” for our staff. The program was designed to give basic knowledge to our staff in various fields such as: treatment through naturopathy, preparing preservatives, mandala, painting, cooking, dancing, photography, tailoring, baking and German & English language. Along with the main events, all the staff were openly invited to participate in various activities such as rugby, kabaddi, yoga, meditation and lots more. The staff chose the fields according to their interests and had lots of fun. We were honored to have experts from the various fields who shared their know-how and enthusiasm. This was a very new kind of experience and a refreshing concept for our staff, who enjoyed the learning week a lot. A workshop by Fr. Anand- Vishwa Jyoti Communication was also organized for staff at the end of the learning week

Treatment through Naturopathy

Photography

Cooking & preparing preservatives

Dance

Computer Basics

Painting

German speaking

Making of Mandala

Workshop by Fr. Anand

## Indian Kiran Friends Association- IKFA

Indian Kiran Friends Association has speed up its activities during the past year. During this time we approached broad areas and tried to make more & more people aware of ways to support and bring happiness into the life of the children and youngsters with different abilities. We are also trying to make relations concrete via an holistic approach with the members of society so that they

can come forward and support the needy ones with their essential needs such as education, rehabilitation, training and integration. It is great to share that during the past year many persons have become our long-lasting friends by joining IKFA. We are thankful to all of them!

Through the awareness campaigns and scheduled meetings with our members, we let them know about the status, the progress and the way we have utilized their contribution in IKFA. Also the monthly IKFA newsletter is given to our all members through which we make them aware of the importance of KIRAN's ongoing activities.

With the efforts of Mr. Vinod Goswami- IKFA Representative, the programme is progressing day by day. His present job is part of a training in which he is learning methods of communication, as well as learning office skills and much more which will help him to become more and more independent.

We strongly request you to support open heartedly and become part of our mission by joining IKFA as a member and encourage your colleagues too. For any queries, feel free to mail us, at [ikfa@kiranvillage.org](mailto:ikfa@kiranvillage.org) or Contact to- +91-9794039475, our representative will respond & explain how to get connect with IKFA.

The statistical detail of IKFA from 01-03-2010 till 31-03-11, is given here:-

Total Contribution received	Rs. 1, 05, 846/-

## Anubhuti

In order to honor and support us via our children, a reputed educational organization of Varanasi- Agrasen Post Graduate College for Girls (AGPGC), Parmanadapur, organized an honorary award ceremony on 11th Feb. 2011, with the title- "Anubhuti", which was given to the KIRAN Centre for its dedicated services in the field of disability. Our children were also honored for their achievements and abilities which were made concrete in the society with the support of KIRAN, who helped to build and made steps forward towards a brighter future.

We are thankful to Shri Anil Kr. Jain- Manager and Mrs. Madhu Asthana- Principal of AGPGC, for giving us the honor and supporting us financially. This program gave a great platform to our children to present a program in front of an audience of around 1300 students and reputable guests, who showed much appreciation.

**(Note:- To view the statistical data of D: Outreach and E: C.B.R. Services, please refer page no:- 17.)**

**Explanation concerned to the variations in the above stated statistical data of Education Department from the year 2008-09, to 2009-10, to 2010-11, is mentioned hereunder-**

- **Kindergarten-** In the academic session 2009-10 we have launched the Nursery class, therefore the data hiked in this year (i.e. 28 < 42)
- **N.I.O.S.-** Since, the strength of the children in class- VIth, VIIth and VIIIth of N.I.O.S. were not enough to run the academic session, hence the session for the year 2010-11 was held up. Now we have decided to apply this year to the relevant authority for the registration of our school unit upto VIIIth i.e. Basic Siksha Vibhag (approval expected in 2011). That's why the variation could be seen (i.e. 20 > 11)
- **Spl. Education**
  - C.P.-** Due to the separation in the "Learn and Earn Group" from the Spl. Education Unit, and merge of the said into the skill training unit, in the year 2010-11, the variation could be seen in the data. (i.e. 46 > 37)
  - H.I.-** Since the H.I. Section was categorized into three levels i.e.- Level-I, Level-II, Level-III, there is the hike in the statistics (i.e. 12 < 37) and due to the integration of the children into our school unit and vocational unit, the variations can be seen in the data for the year 2010-11 (i.e. 37 > 25)

## Visit of Expert Collaborators/Volunteers to KIRAN

Name	Occupation	Duration
Sarah Gilbert	Film Maker	17Aug-20Dec
Paulo, Petra, Leonardo	Volunteer	01Sept-24Jan
Alessandro	Volunteer	01Sept-24Jan
Fedrica Filippeto Family	Volunteer	01Sept-24Jan
Urban Zehnder	President-KFAS	17Sept-28Jan
Urs Keller	President-KFS	30Sept-14Oct
Hanspeter Stastny	Orthotechnician	02-22Oct & 29Jan-21Feb
Mirdad Jakabs	Orthopaedist	09Oct-12Dec
Dr. Maria Teresa	Doctor	10Oct-30Oct
Mariane Hafmann	Physiotherapist	30Sept-14Oct
Rudolf Zai	Architect	11Nov-02Dec

### Thanksgiving, Request and Apology:

We are grateful to all our friends, partner/donor agencies for having faith in us, and for being so supportive of our ongoing activities in such a generous way. We would like to solicit the financial support long-lastingly so as to expand our services in the broader areas. Also apologize for any inconveniences occurred by us during the carrying out of any activities. Like any work-in-progress we are always trying to find the most effective and positive ways of utilizing the support you have given us.
